Environmental Management Accounting & IFAC Guidance Document

Dear stakeholder,

The Environmental and Quality Management Unit of the Helsinki University of Technology warmly welcomes you to participate in the seminar on Environmental Management Accounting (EMA) on Mon 4.12.2006. The visiting speaker at the seminar is Christine Jasch, one of the authors of the *International Guidance Document on Environmental Management Accounting*. The document was published by the International Federation of Accountants (IFAC) in 2005 due to the increasing importance of environmental issues and the difficulty of managing them.
